ORDER:

In the references 2nd and 3rd read above, Head of the Department, Animal Husbandry Department, Hyderabad, among other things has requested the Government to approve the rates recommended by the evaluation committee towards unloading, stacking and loading of silage bales in to the farmers vehicles and permit the Head of the Department, Animal Husbandry Department, Hyderabad to undertake watch and ward along with rodent management plan and other items of activities such as quality test and write off of the weight loss etc., as per the recommendations of the evaluation committee.

2. In the circumstances stated by the Head of the Department, Animal Husbandry Department, Hyderabad, in the references 2nd and 3rd read above Government after careful consideration here by approve the rates recommended by the evaluation committee towards loading, Stacking, unloading of bales including watch & ward at fodder stock points as detailed below:

(i) Rs. 280/- per MT of silage towards the cost of unloading charges of silage bales from truck, stacking at stock point, and loading charges of silage bales into the trucks brought by the farmers in each stock point which will last for 6 months and to meet the expenditure towards the loading, un-loading and stacking charges form the Government funds;

(ii) Rs 125/- per MT of silage towards the cost of unloading charges of silage bales from trucks in cases where the stock is delivered direct to the farmer without stacking at stock points and to meet the expenditure towards the loading, un-loading and stacking charges form the Government funds;

(iii) Rs. 8000/- per shift for 3 shifts in a day per month towards watch & ward for each stock point as responsibility of the department;

(iv) To implement the rodent management plan based on the local quotations by the department;

P.T.O.

(v) To equip the SVVU with "Agri NIR Analyzer" at the cost of department for the purpose of quality testing of the silage at random.

(vi) Permit the department to allow upto 20 % of weight losses upon storage of the silage bales or the actuals with data on this item of work whichever is less as the silage contains moisture content upto 70% and in view of the fact that there is no data available in this regard which is a unique activity being piloted by the department, and

(Vii) To identify the silage bales with bar coding so that the traceability of silage bales can be ensured and linked to the beneficiaries based on Aadhar ID's.

3. The Head of the Department, Animal Husbandry Department, A.P., Hyderabad, shall take necessary action accordingly.
